

WeatherLive

WeatherLive - The Ultimate day out for Weather Enthusiasts

Central Hall Westminster, London

Saturday 4th November 2017

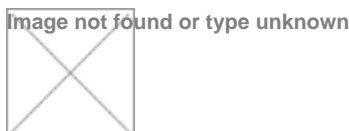

WeatherLive was a new event for the Society's amateur community that took place on Saturday 4th November in London. Iconic speakers such as Michael Fish and Peter Gibbs presented on 'The Great Storm of 1987', whilst Gardeners Worlds presenter Arit Anderson, discussed 'Gardening in a Changing Climate'. The day was a great success for both attendees and speakers, with one delegate remarking that the day had 'Renewed their enthusiasm as a weather watcher!'. This event is the first in a series for RMetS, with more information for follow on future activities.
