

Adrian Gill Prize

Regulations for the Adrian Gill Prize

In memory of Adrian Gill, and in recognition of his outstanding scientific contributions, a prize called the “Adrian Gill Prize” shall be awarded annually if appropriate. The Prize shall be awarded to a member of the Society who has made a significant contribution(s), in the specified fields, and who has also been an author of a paper(s) in the Society’s journals. The specified fields are those that interface between atmospheric science and related disciplines, thereby allowing the contributions to be referred to as “multi-disciplinary”. These related disciplines include oceanography, hydrology, biogeochemistry, numerical methodologies, etc. The period under consideration for this Prize shall be the five consecutive calendar years preceding the year of the award. No person shall be eligible for the Adrian Gill Prize for a second time.
